

WHY IS IT IN A PLACE
WHERE NOTHING MUCH CHANGES,
PEOPLE KEEP COMING BACK?

HARBOR VIEW
HOTEL & RESORT

GENERATIONS HAVE STAYED HERE.
OFTEN AT THE SAME TIME.

This is the spot on the Vineyard where families reunite year after year. Where business associates routinely meet and greet. And where over one hundred years of wedding vows have been exchanged. It's a place called Harbor View.

We offer comforts. A veranda with big rocking chairs where to relax and chat. Watch the kids claim their first crabs. Sit back with an end of day cocktail, just watching the water and waves as the evening sets in.

This has been a playful hometown dock since 1891, but there's always something new, starting with our renovated cottages with new furnishings in every guest room. Along with bright updates to our waterside restaurant. An expansion to our bar offering a locally inspired small plate menu. And a thoughtful concierge program that shows off the island and its waters with pride.

HOW CAN SUCH A SMALL ISLAND HOLD SO MANY MEMORIES?

Well, it starts with days that are hard to forget. One morning might begin with climbing into a kayak directly from our Hotel dock, armed with a good cup of coffee. Another might be learning how to sail: lessons offered, eight years old to adult. Yoga or Pilates on the back lawn in soft early sun is a way to remember what's important.

Board our classic luxury picnic yacht, Stardust, or Scout: Harbor View's own 31 foot power boat. View the harbor with lunch or cruise in the sunset. Or ride the ocean from Nantucket to the Aquinnah cliffs. Harbor Kids have especially excellent memories. Of field trips with our seashore naturalist, hikes, catching a big striped bass or just diving into simple arts and crafts.

LIFE MAY TAKE YOU MANY PLACES,
